

Regarding arrangement to prevent Leopard movement in residential area

SHRI RAVINDRA VASANTRAO CHAVAN (NANDED): Honble Chairperson Madam thank you. It has been seen that the Leopards are roaming freely these days in Maharashtra. This Leopard movements has also affected my Nanded district. Farmers and people at large are scared due to their public appearance. There are cases where Leopards are attacking the citizens and farmers. I want to request to government through you that arrangements must be made to keep the leopards behind the bars. Thank you.
