

Regarding need for government intervention to revive the Aska mill and addressing the problem of migrant labour

SHRIMATI ANITA SUBHADARSHINI (ASKA): Jai Jagannath.

Thank you for the opportunity chairperson Ma'am. Aska spinning mill was established in 1983 at my constituency Aska in Odisha by the Industrial Development Corporation of Odisha. Unfortunately because of the complacent attitude of the previous govt, the Mill is in a dilapidated condition now. In my area migrant labour problem is a big issue .unless this Spinning mill is revived soon with the intervention of the Central govt, migrant labour problem will be even more acute. Families are undergoing severe stress. If it gets revived people of my constituency will get employment and they will be ever grateful to you.

Thank you vande utkal Janani.
