

Regarding expedite the work of Railway overbridge and other infrastructure projects in Tenkasi District

DR. RANI SRIKUMAR (TENKASI): Hon. Chairperson, Madam, I rise to bring to the attention of this House the urgent need to address the significant delays in several infrastructure projects in Tenkasi District. The prolonged delay in the completion of rail overbridge at Pavorchathiram by the Union Government has caused immense hardship and difficulty for commuters travelling on the busy TirunelveliTenkasi four-lane highway. The issue persists despite the fact that the State Government has nearly completed its portion of the project years ago. Similarly, the railway overbridge located on the Kollam Tirumangalam National Highway is also facing significant delays. This route is heavily used by the devotees travelling to the Sabarimala Ayyappan Temple particularly from southern parts of Tamil Nadu. As a result, there is increased traffic, especially in Tenkasi town. I ask the Union Government to take immediate action to complete these crucial projects in order to alienate traffic congestion and ensure the safety of the people of Tenkasi.
