

Regarding need for construction of a flyover on National Highway 61 at Bhingar city

SHRI NILESH DNYANDEV LANKE (AHMEDNAGAR): Honourable Chairman, traffic on National Highway No. 61 near Bhingar city in my Lok Sabha constituency, Ahilyanagar has increased to a large extent and citizens are suffering a lot. This highway connects other districts with important commercial centres like PuneNashikChhatrapati Sambhajinagar.

Honourable Chairman, due to this, there is a heavy traffic at Bhingar City Chowk and Bhingar Urban Bank Chowk throughout the day. Since this highway passes through important places like schools, banks and densely populated areas in Bhingar, the situation has become serious. All ordinary citizens have to suffer a lot. Pedestrians and daily commuters are at risk of accidents. A permanent solution is needed to ensure smooth traffic.

Therefore, I request the Minister of Roads, Transport and Highways, through you to direct the National Highways Authority of India to immediately conduct a detailed survey of this sensitive area and to prioritize the construction of a flyover on National Highway No. 61 at Bhingar city for the convenience of citizens.

Thank you.
