INDIAN EXPORTS
Yerrannaidu Shri Kinjarapu

Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

- (a) exports of traditional items such as raw materials and agricultural produces and non-traditional items such as engineering goods and other value-added/manufactured goods during each of the last three financial years, year-wise;
- (b) whether the Government have chalked out any scheme for increasing exports of manufactured/value added goods; and
- (c) if so, the details thereof including targets fixed for the export of manufactured/value added goods for the next three years?

Answer

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY(SHRI E.V.K.S. ELANGO VAN)

(a) Exports of major commodities including agricultural produce, non-traditional items and other manufactured goods during the last three financial years is given at Annexure.

(b)& (C) In the Foreign Trade Policy (2004-09) several strategies have been proposed which would help to increase exports of manufactured/ value added goods. These strategies include measures to facilitate technological and infrastructural upgradation through import of capital goods and equipment thereby increasing value addition and productivity while attaining internationally accepted standards of quality. Export targets for the next 3 years were initially fixed at US \$88 billion, \$104 billion and \$125 billion. In view of the export performance during 2004-05 the export target for 2005-06 has been revised from US \$88 billion to US \$92 billion. Through separate targets have been fixed for export of manufactured/ value added goods as a composite group. Annexure

Annexure referred to in Para (a) of Lok Sabha Unstarred Question No.4699 due for answer on 26.04.2005.
