Answer

MINISTER OF STATE FOR RURAL DEVELOPMENT (SHRI UPENDRA KUSHWAHA)

(a) to (e) : As per various quinquennial Agriculture Censuses conducted by the Ministry of Agriculture in 1970-71, 1976-77, 1980-81, 1985-86, 1990-91, 1995-96, 2000-01, 2005-06 and 2010-11, the average size of operational holdings in the country was 2.28, 2.00, 1.84, 1.69, 1.55, 1.41, 1.33, 1.23 and 1.15 hectares respectively, which shows that the average size of the operational holding declined by about 50% in 2010-11 over 1970-71. The decline in the area of operational holding has been attributed to conversion of land for urbanization/industrialization or transfer of land to meet the requirement of non-agricultural purposes.
