

>Title: Need to expedite construction of a flyover at a Level crossing between Muchipara and Durgapur barrage.

SHRI SUNIL KHAN (DURGAPUR): There is a level crossing on railway track on the road between Muchipara and Durgapur Barrage. The same road has also connected NH-2 and Bankura district towards South India. As there is no flyover, often trucks and vehicles have to wait for hours at the level crossing. It is important to mention here that several NGOs have agreed to invest Rs.200 crores for setting up industries in Bankura. Durgapur is also an industrial area. Unfortunately, Railway is yet to prepare an estimate for construction of a flyover. I have raised this issue several times earlier.

I request the Union Government to look into the matter early.
