Title :Need to expedite completion of Basohli-bani-Badharwah Road in Jammu and Kashmir.

CHAUDHARY LAL SINGH (UDHAMPUR): Sir, there is need for early completion of Basohli-Bani-Badharwah road in the State of Jammu and Kashmir.

This road was inaugurated by the Late Indira Gandhi, the then Prime Minister of India, in the year 1984 with the objective that people of this area will be connected with other States like Punjab, Himachal Pradesh and then with other parts of our country. People of this area were eager to see the road completed but the dream of completion of this road still remains unfulfilled. Though some construction has been made, it is not yet completed, which is causing a lot of difficulties to the people of this area. I, therefore, urge the Government of India for speedy completion of this road.
