Title: Problem faced by Indians working in Kharfi National Company in Kuwait.

SHRI P. KARUNAKARAN (KASARGOD): This is to draw kind attention of the Government towards the hardships being faced by the Indian citizens in Kuwait who are working in Kharfi National Company. There are more than 15000 Indians who are working in the company. It is learned that a majority of them are not getting their salary and facing hardship. In addition, due to strike by the truckers, they are finding it very difficult to manage their livelihood.

In this regard, many of them have approached the Indian Embassy in Kuwait, but could not get any help from there. I request the Government to kindly look into the matter and instruct the officials of Indian Embassy in Kuwait to see to it and help the Indian workers in addressing their grievances.
