Title: Need to provide the necessary infrastructure for smooth functioning of trucks for transportation of fertilizers in Odisha.

DR. PRABHAS KUMAR SINGH (BARGARH): This is regarding facilitating the fertilizer rake points with necessary infrastructure like platform, covered shed, electricity, drinking water facility, and approach road for the trucks in Odisha. For provision of new rake points and two-point rake operation facility for better distribution of fertilizers, the Department of Fertilizers, Government of India have already requested the Railway Board. Due to non-availability of required infrastructure, the Government of Odisha has to bear around Rs. 5 crore annually.

My request to the Railway Ministry is to provide the necessary infrastructure for the smooth functioning of trucks for transportation of fertilizers in Odisha. Thank you.
