Title: Study conducted by Ministry of Civil Aviation for permissible height for construction in Mumbai.

DR. KIRIT SOMAIYA (MUMBAI NORTH EAST): The issue of fixing aeronautical/flying height, the permissible height for construction, is under consideration of the Ministry of Civil Aviation. It was decided to study the BKC Vadala area of MMRDA and also to undertake survey of Mumbai City. A meeting was held to conduct full survey with the help of ICAO. I urge upon the Ministry of Civil Aviation to ask the Urban Development Ministry, Government of Maharashtra, to take up a full-fledged study so that that a decision could be taken on the issue.
