Title: Need to construct road-overbridges/road-under passes at various railway level crossings in Dharwad district of Karnataka.

**SHRI PRALHAD JOSHI (DHARWAD):** In Dharwad district, agriculture is the main occupation. Many commercial and non-commercial crops are grown. For this the farmers need to move their produces from fields to district by roads. But while doing so they find it difficult to cross the manned railway gates which once closed do not open for a long time. Therefore there is an immediate need to construct ROB/RUBs on the following gates

1. Dharwad-Haliyal L.C gate no. 300
2. Haliyal-Bedinal L.C gate No. 281
3. Amargul-Amminbhavi L.C gate No. 291
4. Annigeri-Navalgund road-L.C gate No. 18
5. Inglahalti-Kusgal -L.C gate No. 4
6. Kundgol-Hirenarti-L.C gate No. 5

If the ROB/RUB is constructed, it will be easy for the farmers. Proposal has already been sent to South Western Railway and is still pending. I urge the Government to take up the construction at the earliest.
