Title: Need to start work on Joynagare to Kultali Railway line project in West Bengal.

SHRIMATI PRATIMA MONDAL (JAYANAGAR): I would like to inform that under my Jayanagar Parliamentary Constituency, West Bengal, Kultali block is commonly known as backward area. Here minority Scheduled Castes and Scheduled Tribes population are noticeably high. A major portion of Kultali Block falls under Sunderban. Since after 70 years of Independence, people of Kultali Block are deprived to get the railway facility. A new railway project from Joynagare to Kultali is a long pending issue and which has become an urgent necessity of this area.

I would like to request to the Hon'ble Railway Minister to take initiative to look into the matter and your positive action is highly solicited.
