Title: Need to set up two Navodaya Vidyalayas in tea garden areas of Dibrugarh, Assam.

SHRI RAMESHWAR TELI (DIBRUGARH): My constituency Dibrugarh is famous for Tea Industry. The constituency is surrounded by more than two hundred tea gardens. But unfortunately people living in this area are lagging far behind when it comes to their education. As a matter of fact, it is due to the lack of educational facilities, the tea workers and their children have been facing exploitation for decades. I, therefore, request the Hon'ble Minister for Human Resource Development to set up at least two Navodaya Vidyalayas in this educationally backward areas so that the poor children of tea workers could also get quality education.
