Title: Need to provide basic civic amenities to people in Arambagh and Chandrakana Municipalities in Arambagh Parliamentary Constituency, West Bengal.

SHRIMATI APARUPA PODDAR (ARAMBAG): India being a welfare state it is the duty of the Government to provide houses with basic facilities like potable water, electricity, sanitation and health services. People from rural areas migrate to big cities in search of employment. Poverty forces them to find shelter in slums. I urge the Government to provide basic service to the slum areas of Arambagh & Chandrakona Municipalities in my Arambagh Constituency.
