Title: Need to construct a flyover between Khandagiri Square-Kolathia Chhak in Bhubaneswar, Odisha.

SHRI PRASANNA KUMAR PATASANI (BHUBANESWAR): Khandagiri, a famous tourist spot, is situated in Bhubaneswar, Odisha. People from different parts of the country as well as abroad visit this place because of its historical, archaeological and religious importance. Most of the people including tourists make the visit to the tourist spot through Khandagiri square, an intersection situated on National Highway No. 5 resulting in traffic congestion. In the last couple of years, this square has seen many accidents resulting in deaths and injuries and in some cases the tourists have also lost their lives. Due to the frequent accidents on this square, the Khandagiri Local Committee has been demanding construction of a flyover at the intersection to avoid traffic congestion as well as accidents. Hence, I would like to request the National Highways Authority of India to look into the matter and construct a flyover between Khandagiri square and Kolathia Chhak in Bhubaneswar, Odisha.

HON. DEPUTY SPEAKER: Shri Chandrakant Khaire – not present.

Shri Jayadev Galla – not present.
