Title: Regarding installation of enough mobile towers for better connectivity and re-starting of WIMAX services.

SHRI K. ASHOK KUMAR (KRISHNAGIRI): Thank you, hon. Deputy-Speaker, Sir.

The mobile users are increasing day by day in our country but mobile towers are very less compared to the connections. As a result of lesser mobile towers and the use of battery, in many places the mobile phones are not working properly due to weak signal.

In my constituency Krishnagiri, many villages are not connected with mobile service because of lack of mobile towers. Mobile towers are required for the benefit of the people of Nochipatty, Karuvanoor villages at N. Vellalapatty, Uthankarai Union Phase 7 Hosur TNHB area at Brindavan Nagar, Bargur Union on Panangattur, Veppanapalli Union on Nallur, Chickapoovathy on Krishnagiri Union and Pannandur on Kaveripatnam Union. These towers will benefit the surrounding far away village subscribers.

The BSNL has also stopped the Internet service provider WIMAX in the area due to which the local people are not able to use the Internet properly in the area. So, I request you to install mobile towers at required places and re-start the WIMAX service for the benefit of the people of my constituency.
