Title: Regarding need to shift all district courts in Delhi under one single court complex at Pragati Maidan, Delhi.

SHRI DUSHYANT CHAUTALA (HISAR): There are different district courts functioning in Rohini, Dwarka, Karkardooma and Saket in Delhi. Their location creates complication for lawyers and people who have to rush from one end to another to attend to different cases. Pragati Maidan has metro, train and bus transport connectivity to other areas. Therefore, creation of a single judicial complex at Pragati Maidan bringing all district courts under one complex is essential. As Delhi is smaller than other states, establishment of such a single court complex would be possible. Hence, I request the government to take necessary action for establishment of a single court complex at Pragati Maidan and shift all district courts under one complex to ensure more efficient functioning of judicial system and to reduce hardships being faced by both lawyers and people in Delhi.
