Title: Regarding pathetic health condition of people of Assam.

SHRIMATI BIJOYA CHAKRAVARTY (GUWAHATI): Hon. Deputy-Speaker, Sir, due to the uncongenial climatic conditions, bad rain, loaded water, people of Assam are suffering from very pathetic and poor health condition.

A few diseases like Japanese Encephalitis, Type-2 Diabetes, Hepatitis C virus are silently making inroad into the health of the people. Japanese Encephalitis has already killed more than 100 people in Assam. It is very dangerously looming large in the Dibrugarh District and the flood-affected areas.

Sir, the most troublesome part is that there is no provision to great Japanese Encephalitis and also Hepatitis C virus.

HON. DEPUTY-SPEAKER: All right, you have made your point.

...(Interruptions)

HON. DEPUTY-SPEAKER: Shri Mahtab.

...(Interruptions)

HON. DEPUTY-SPEAKER: Nothing will go on record accept the submission of Shri Mahtab.
