Title: Need to construct flyover/underpass at Zuzuvadi opposite Ashok Leyland plant on Hosur-Bangalore National Highway.

SHRI K. ASHOK KUMAR (KRISHNAGIRI): Thank you hon. Speaker. Madam, Hosur to Bangalore Road is the part of NH-7. It falls under my constituency. Bangalore-Hosur Road connects town of Hosur in Krishnagiri district. It is a four to six lane National Highway.

There are a lot of factories situated at Zuzuvadi which is about eight kilometers away from Hosur bus stand. It is opposite of Ashok Leyland Unit-I. The factory workers and general public are crossing the road either sides. There are about 200 factories, five villages and 3000 employees working in Ashok Leyland Unit-I. It is the left side of the National Highway. On the right side of it, there are about 500 industries and small factories and 10 Middle and Higher Secondary schools.

People living both the sides are crossing the road without any life security. The high speed vehicles may cause many problems such as death and casualties to the office going staff and other people. Due to non-availability of divider, pedestrians are finding it very difficult to cross the road.

Therefore, I request the Government to issue instructions to NHAI to construct a flyover or an under pass at this particular point.
