Title: Regarding construction of a foot overbridge or underpass at Pathalaalli and a 'U' turn between Maruthi Nagar and Pathalapalli in Tamil Nadu.

SHRI K. ASHOK KUMAR (KRISHNAGIRI): Madam, I will take only one minute. It is my constituency-related problem.

In my constituency Krishnagiri, the widening work of NH7 into six-laning is under process from Maruthi Nagar under Perandapalli Panchayat to Pathalapalli. General public, employees of SIPCOT-Part II and near about 2,000 students of Panchayat School (Telugu), Panchayat School (Urdu) and TVS Academy School were not able to cross the road, either of the side because of road divider. No space was provided for crossing. No 'U' turn was provided

HON. SPEAKER: Road over-bridge is a State matter.

SHRI K. ASHOK KUMAR: Many road accidents take place at Pathalapalli junction daily. There is no 'U' turn in between Maruthi Nagar and Pathalapalli to reach hospital easily. Public have to take 'U' turn for reaching Hosur and Krishnagiri, which is an extra one km.

HON. SPEAKER: It is a State matter.

SHRI K. ASHOK KUMAR:Hence, I would request you to construct a 'U' turn in between Maruthi Nagar and Pathalapalli for vehicular traffic and an Underpass or a Foot Over-Bridge with lift system, at Pathalapalli junction for the public.
