Title: Regarding introduction of new EMU locals and construction of subway.

DR. RATNA DE (NAG) (HOOGHLY): Thank you, Madam. There has been a long pending demand from the people of my parliamentary constituency for introduction of two parts of EMU local. There is a need for this local because the area between Katwa and Sealdha is an agricultural belt and a lot of passengers commute in the morning and return back through this belt. This will also go a long way in easing the existing pressure on EMU locals and give passengers a great relief.

There is also a need to construct a subway at Kuntighat. This too is pending for a long time. Through you, I would urge upon the hon. Minister to look into these important, genuine and long-pending matters, which would benefit the people of my parliamentary constituency.
