Title: Need to provide PNG connections to all the domestic households in North East Mumbai.

DR. KIRIT SOMAIYA (MUMBAI NORTH EAST): The pace of providing PNG connections by the Mahanagar Gas Limited in Mumbai has not yet improved in areas such as Vidyanagar, Bhandup, Kanjur Margh. Due to shortage of gas meters and slow supply, the company is not able to provide connections to customers barring few hundreds. Lakhs of households have been suffering due to this. I, urge upon the Minister of Petroleum and Natural Gas to pay attention to this issue and take immediate action and corrective measures so that PNG connection can be provided to all the domestic houses in North East Mumbai without much delay.
