title: Need to construct fourth railway line between Virar and Dahanu Road and upgrade the existing railway stations at Vasai, Nalasopara, Rirar, Saphala, Palghat, Boisar and Dahanu road in Palghar parliamentary constituency of Maharashtra.

**SHRI CHINTAMAN NAVASHA WANGA (PALGHAR):** Palghar district in my Lok Sabha Constituency was established on 1st April, 2014. Due to rapid growth of population and industrial development at Vasai Virar Municipal Corporation, Palghar, Boisar Area in my parliamentary constituency, the movement of people and goods has increased tremendously. Suburban trains from Churchgate (Mumbai) to Dahanu Road, Dahanu Road to Diva-Panvel, Shuttle trains from Virar to Gujarat, long distance trains from Delhi to southern India, Gujarat and Rajasthan are also running through this railway line. Because of increased rail traffic, construction of a fourth railway line from Virar to Dahanu Road and upgradation of the existing railway stations at Vasai, Nalasopara, Virar, Saphala, Palghar, Boisar and Dahanu Road is necessary.

I, therefore, request the Government to construct a fourth rail line between Virar to Dahanu Road and upgrade the existing railway stations at above mentioned places.
