title: Regarding updating the National Register of Citizenship in Assam.

SHRI RAMEN DEKA (MANGALDAI): Infiltration is a major issue in Assam. Due to infiltration from the then East Pakistan and now Bangladesh, the very existence of indigenous people is being threatened. Infiltration will change the demography of Assam. All kinds of misdeeds happen due to infiltrators i.e. drug smuggling creating law and order problem above all arm smuggling. I would like to request the Central Government to take immediate step to stop smuggling.

If infiltration is not stopped forthwith and the foreigners are not detected and deported , the political power will be snatched from indigenous people by the foreigners.

National Register of Citizenship was prepared in special circumstances to keep away foreigners from enrolment in the voters list so that they can be detected and deported. I would like to know from the Central Government the progress of updating the National Register of Citizenship in Assam including the status of Hindi refugees in the context of registration.
