Title: Regarding a dredging ship lying on the seashore of Mundakkal.

SHRI N.K. PREMACHANDRAN (KOLLAM): Madam, a big dredging ship got washed ashore in my Constituency Kollam near Mundakkal in Eravipuram. It has been lying there on the seashore for the last one month. Because of this big ship lying on there on the seashore, massive devastation is taking place. Ten houses have already been lost and sea erosion land sliding is taking place. I, therefore, urge upon the Government of India to intervene in the matter and give appropriate direction to the concerned authorities to remove the ship. Help of the Navy is also required for this. I urge upon the Government to intervene in this matter. Thank you very much.
