Title: Regarding rural electrification in Hisar Parliamentary Constituency of Haryana.

SHRI DUSHYANT CHAUTALA (HISAR): I would like to urge the Government to take necessary action for electrifying hamlets situated in Hisar constituency. Few schemes have been initiated to streamline electrification and power distribution in the country and accordingly, creation of village electricity infrastructure has been developed by the Government. However, still a number of households in villages remain un-electrified. There are about 2000 hamlets un-electrified even today in my Hisar constituency forcing the villagers to live in dark while the country is passing through the era of Information Technology. Further, the funds released under Deen Dayal Upadhyay Gram Jyoti Yojana have been utilized exclusively for upgradation of existing transformers and not for electrifying hamlets. Therefore, I urge the Government to allocate a special package so as to ensure that all the hamlets of Hisar constituency get electricity connection without further delay.
