Title: Need to include 'Youth Leadership & Personality Development Training' and 'National Integration Camp' in programmes run by Nehru Yuva Kendra, Chamarajanagar, Karnataka.

SHRI R. DHRUVANARAYANA (CHAMARAJANAGAR): I would like to bring to the kind attention of the Government that out of 623 Nehru *Yuva* Kendras (NYKs) established in District Headquarters of our Country, Chamarajanagar NYK is one among them, which was established in my Constituency Headquarters on 09-02-2012. All programmes allotted to this District have been implemented successfully. As on today, the programmes have been implemented through 300 Youth Clubs (both Girls and Boys clubs), each Youth club contains an average of 30 Members. District level cultural and sports activities and Taluk level sports and training for self-employment and TYLS training programme for youth leaders have been conducted in a fixed period.

But the youth of my Constituency are demanding some more programmes to be implemented viz. (1) Youth Leadership & Personality Development Training Programme in which 35-40 youth will be trained for the period of 30 days regarding youth leadership, personality development, public speech, formation of youth clubs, shramadan activities, Health, Education, Environmental activities etc. and (2) National Integration Camp — which provides opportunity to 150 young cultural talents of 05 other States and 05 different Districts of Karnataka to join together for some period to exhibit their cultural talent.

As the above two additional programmes are very necessary and essential and useful to the youth of my Constituency as per their demand, I hereby humbly urge the Union Government to include the above 2 programmes under Nehru Yuva Kendra, Chamarajanagar (Karnataka) for the development of youth of my Constituency in all respects.
