Title: Regarding revival of Mining and Allied Machinery Corporation (MAMC), Durgapur in West Bengal.

DR. MAMTAZ SANGHAMITA (BARDHMAN DURGAPUR): Mining and Allied Machinery Corporation (MAMC) Durgapur used to produce equipment for Coal mine, Defence and Railways. Government must be aware that a consortium of Coal India, BEML & DVC was formed to takeover & reopen MAMC Durgapur in West Bengal.

An amount of Rs. 100 crore was deposited for Primary initialization of the consortium and handing over the plant & machinery of MAMC. Since then there has been no clarity about the future of revival of MAMC as the project seems to have been put in abeyance.

The Government is having the information of the latest status of the project taken up by the consortium to execute the MAMC revival, there should be a proposal for a speedy handover process as well as expeditious revival of MAMC.
