Title: Need to set up an office of General Manager, BSNL in Palghar district of Maharashtra.

SHRI CHINTAMAN NAVASHA WANGA (PALGHAR): Thane district in Maharashtra is the biggest district in India and population of the district is more than one crore and twenty five lakh. Now Thane district has been bifurcated and a new Palghar district was established three years back. The population of new Palghar district is more than thirty lakh. There are eight tehsils, three Municipal Councils and one big Municipal Corporation under Palghar district. As per procedure, a post of General Manager and a office of BSNL is necessary for the district but till now no post of General Manager and BSNL office for new district has materialised. I have demanded several times to open General Manager office for Palghar district. I, therefore, request the Government to open General Manager BSNL office for new Palghar district.
