Title: Need for increase in the number of beds in the hospital at Adityapur in Jamshedpur Parliamentary Constituency of Jharkhand.

SHRI BIDYUT BARAN MAHATO (JAMSHEDPUR): Adityapur is a huge industrial area and having more than one lakh seventeen thousand employees. However, there is only one hospital for these employees having bed capacity of 50. For 1,17,000 employees, 50 bed is quite less and most of them are denied treatment because of scarcity of hospital beds. I, therefore, request the Minister to kindly increase number of beds to around 250.
