## **8. Resolution**

The Speaker made a reference to the 40th anniversary of the United Nations on 24th October, 1985 and placed the following resolution which was unanimously adopted by the House:—

“This House

RECALLING the determination of the peoples of the world in the aftermath of the Second World War, to save succeeding generations from the scourge of war through the establishment of the United Nations as a forum for resolving world problems and for the betterment of humanity through cooperative action.

CONSCIOUS of the unique contribution made by this world Organisation over the last four decades in averting the disaster of third world war.

ALSO conscious of the fact that notwithstanding the efforts of the United Nations, serious armed conflicts persist in the world, endangering regional and global security and that international economic relations continue to be characterised by inequality, domination and exploitation.

DEEPLY concerned that the escalating arms race, particularly in nuclear weapons and its extension to outer space carries the danger of the total extinction of human kind through a nuclear holocaust besides squandering vast resources that could otherwise be directed towards developmental ends.

**CONSIDERING** that the 40th Anniversary of the United Nations provides an important occasion for governments and peoples around the world to rededicate themselves to the purposes and principles of the charter and to reaffirm their commitment to work for the ushering in of a new era of global peace, independence and progress for all peoples on the basis of equality and justice.

**RECOGNISING** the vital role played by the United Nations in the development and codification of international law particularly the Convention on the Law of the Sea and the Outer Space Treaty.
