Title: Need to start the work of expansion of six lanes on NH-2 between Panagarh and Bardhaman.

**DR. MAMTAZ SANGHAMITA (BARDHMAN DURGAPUR):** The issue is regarding the National Highway No. 2, that is NH 2, which is undergoing expansion for six lanes since ages. Its construction is very slow. Between Panagarh and Bardhaman, which is my constituency, the work has not even started. All the heavy and transport vehicles are passing through that route to Kidhirpur Shipping Block (Kolkata) to join N.H. 34 etc. So, there is a need to start the work between Panagarh and Bardhaman immediately because it is causing immense problem of jam and increasing number of road traffic accident.
