Title: Need to set up an integrated Veterinary Park in Perambalur Parliamentary Constituency of Tamil Nadu- Laid.

*m01

SHRI R.P. MARUTHARAJAA (PERAMBALUR): Perambalur Constituency is known for Dairy development and milk production. Perambalur District has massive potential for veterinary and agro business. Veterinary sector is an important subsector of agriculture and offering employment opportunities to farmers.

The Integrated Veterinary Park will be helpful to avail various multidisciplinary services like research and education, vaccination, increasing the overall productivity of the livestock, skill training to the farmers. This will promote economic empowerment of veterinary farmers and upliftment of rural poor people, small and marginal farmers and landless labourers.

The Integrated Veterinary Park include Veterinary School, Skill Training and Entrepreneur Development Centre, Incubation Centre, Cluster Innovation Centre, IPR Facilitation Centre, Cattle Feed Storage, Procurement and Retail Marketing centre, Veterinary Cooperative Bank, Integrated Veterinary Research and Development Zone, Technology Development Centre, Vaccine Production Centre, Polyclinics Veterinary Hospital, Integrated Veterinary Semen Banks, Veterinary Disease Investigation and Diagnostic Laboratory, Milk Product Testing Laboratories, Integrated livestock Development Centre, Integrated Cattle Development Centre, Poultry Egg Production Centre, Wool Production Centre, Baby Veterinary shed, Veterinary Farm Zone, Veterinary Breeding Farm. Around 3500 acres of land will be benefitted from the Integrated Veterinary Park and also interlinked value added products for agro purposes.

Therefore I urge the Union Government to take necessary steps for setting up of an Integrated Veterinary Park in my Perambalur Constituency.
