Subject:

 $\bigcirc$ 

Request for dropping of Assurance given in reply to Unstarred Question No. 1331 dated 18.12.2018 regarding "Sub-Categorisation of SCs"

On 18 December, 2018, Shri Nandi Yellaiah, M.P., addressed a Unstarred Question No. 1331 to the Minister of Social Justice and Empowerment. The text of the Question along with the reply of the Minister is as given in the Annexure.

- 2. The reply to the Question was treated as an Assurance by the Committee and required to be implemented by the Ministry of Social Justice and Empowerment within three months from the date of the reply but the Assurance is yet to be implemented.
- 3. In this regard, the Ministry of Social Justice and Empowerment (Department of Social Justice and Empowerment) *vide* O.M. No. 16012/10/2018-SCD (R.L.Cell) dated 17.05.2019 and 24.06.2019 have stated as under:-

"This Ministry in reply to USQ No. 1331 for 18.12.2018 did not give an Assurance. In fact, the reply merely stated the factual position obtaining at that point of time with regard to obtaining opinion/views of the State Government and Union Territories on the issue of Sub-categorization/de-sub-categorization of Scheduled Castes. It is further stated that a National Commission to examine the issue of sub-categorization of Scheduled Castes (NCSCSC) in Andhra Pradesh had been set up vide Resolution dated 15.11.2006. The said Commission presented its Report on 01.05.2008 in which it recommended insertion of a clause in Article 341 of the Constitution to provide for sub categorization and de-sub categorization of Scheduled Castes. Since consultation with the concerned State Governments/Union territory Administrations in the matter of specification of Scheduled Castes is mandatory under Article 341 of the Constitution, therefore, Government

decided to elicit views of the State Governments and Union Territory Administrations on the recommendation of NCSCSC. Accordingly, the then Hon'ble Minister for Social Justice and Empowerment, vide his D.O. letter dated 27.06.2011, had addressed concerned Chief Ministers/Administrators seeking views of State Governments and Union Territory Administrations on the issue. Subsequently, State Governments and Union Territory Administrations have been reminded at the various levels on 10.10.2011, 15.11.2011, 24.05.2012, 06.09.2012, 20.06.2013, 04.10.2013, 07.11.2014, 22.06.2016, 15.11.2017 and 09.07.2018 to furnish their views. So far 20 States and 2 Union territories have responded. Despite Issuance of reminders and elapse of a period of more than seven years, comments are still awaited from 6 States and 1 Union Territory having substantial Scheduled Caste population. Therefore, it would not be appropriate to keep the Assurance pending for a long time."

4. In view of the above, the Ministry, with the approval of the then Minister for Social Justice and Empowerment, have requested the Committee to drop the above Assurance.

The Committee may consider.

### ANSWER

MINISTER FOR ENVIRONMENT, FOREST AND CLIMATE CHANGE (SHRI PRAKASH JAVADEKAR)

(a) to (e) A statement is laid on the Table of the House.

Statement referred to in reply to part (a) to (e) of Lok Sabha Admitted Starred Question No. 119 due for answer on 28.06.2019 asked by Shri Sushii Kumar Singh regarding Amendments in Forest Act, 1927.

- Indian Forest Act (IFA) was enacted in 1927. After independence many States have enacted their State Forest Acts, where IFA stands repealed. IFA is applicable in the (a) &(b) remaining States, which do not have their own Act. The State Forest Acts have been amended from time to time, whereas no major amendments have been made in IFA. There was a felt need to amend the IFA to keep it at par with development in last 90 years and with other State Acts. With this in view the exercise of amending IFA has been initiated. As a first step the first set of amendments have been proposed after a techno-legal analysis by a Core Drafting Committee comprising of technical and legal experts. The first Draft of comprehensive amendments to the Indian Forest Act, 1927 has been circulated to all State/UT Forest Departments on 7th March, 2019 for soliciting their views and comments. In the next step the suggestions received will be deliberated in a conference of State Government officials. The draft finalized thereafter will be shared with other concerned Ministries and will be put in public domain to invite views and comments of different stakeholders. After analyzing these and after adequate number of consultations, the final draft will be prepared. This is a preliminary draft. The salient features of this draft are given in Annexure I.
  - The proposal is to recognize the rights and role of villagers in managing villageforest through Joint Forest Management Committees (JFMCs). These benefits to
    villagers/rural communities are not in derogation but in addition to the forest rights
    and occupation in forest land which are recognized and vested in forest dwelling
    Scheduled Tribes and other traditional forest dwellers as per the provisions of the
    Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest
    Rights) Act, 2006. The proposed amendment in Indian Forest Act, 1927 also
    envisages to assign the village community the responsibility of conservation and
    development of village forest constituted out of any forest or land for the socioeconomic benefit of community.
  - (d) No such provisions have been proposed in the amendments being considered for Indian Forest Act, 1927 regarding giving authority to forest officials to shoot people in the name of "conservation". However, with an intention to prevent commission of offence in the forest, a provision has been proposed to empower forest officer to use little force including fire arms with appropriate precaution under Section 66. This power has been checked by Section 62 which provides for punishment to forest officer for wrongful or vexatiously or unnecessarily seizures of the property on pretence of seizing property or who vexatiously and unnecessarily arrests any person.
  - (e) No such provisions have been proposed in the amendments being considered for Indian Forest Act, 1927 regarding collective punishment against entire village for any violation.

Annexure referred to in reply to part (a) & (b) of Lok Sabha Admitted Starred Question No. 119 due for answer on 28.06.2019 asked by Shri Sushil Kumar Singh regarding Amendments in Forest Act, 1927.

The following are salient features of the proposed Amendments of Indian Forest Act, 1927:

- Preamble: Preamble has been amended to incorporate the principles of national 1.
- Definitional clause: Re-defining forest produce, cattle, owner, timber, tree, etc 2. along with defining community, forest, forest land, reserve forest, protected production forest, forest officer, plantation, pollution, sawing, saw-mill, saw pit, shifting cultivation, bark, vehicle, fishing, waste material, wild animals, carbon sequestration, encroachment, etc
- Reserved Forests: New features inserted like recordings of individual and 3. community forest rights recognized and accepted under FRA, 2006; declaring conservation area for carbon sequestration to achieve NDC target; and prohibition of dumping and littering in RF, etc.
- Village Forest: With a view to provide socio-economic benefits of forests to rural communities, a detailed provisions have been proposed in the Amendment Act to assign village community rights and responsibilities of conservation and development of village forest constituted out of any land. Such village-forests shall be managed by the community through Joint Forest Management Committee, constituted in consultation Gram Sabha and the Forest Department, as per the provisions prescribed by the Rule. Such village forest shall exclude those areas that have already been under the claims of community under the "The Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights), Act,
- 5, Protected Forest: Inclusion of land of ecologically importance for conservation,
- Production Forest: New chapter added with a view to recognize the economic 6. benefits of forests and meeting demand of timber domestically.
- Regulation of shifting cultivation added to make alternatives arrangement 7. gradually which are based on the principles of sustainable management of forests 8,
- Transit of timber and forest produce: Suitable suggestions proposed for relaxing export-import of timber or other forest and transit of timber and forest 9.
- Procedure for dealing with forest offences and fines has been revised to make it compatible with present scenario. Seizure of property liable to confiscation has been expanded. Immunity to forest officials has been provided as per public servants within the meaning of Section 21 of Indian Penal Code 1860 (45 of 1860) and shall be protected under section 197 of Code of Criminal Procedure 1973 for effective implementation of Forest Acts and Rules. Such immunity is

also given under Wildlife Protection Act, 1972. Hence this was proposed to make it as par with other relevant Acts.

10. Sustainable management of forests: A new chapter added for regulation of Working Plans and Working Schemes for the management of forest areas and constitution of National Forest Funds and State Forest Funds.
