

**CORRECTING THE REPLY TO UN-STARRED QUESTION NO. 1306 DT. 28TH MARCH, 1985, RE. FACILITIES OF IMPOUNDED DOCK SYSTEM AT HALDIA PORT**

THE MINISTER OF STATE IN THE MINISTRY OF SHIPPING AND TRANSPORT (SHRI Z.R. ANSARI): Owing to defective operation of the cyclo-styling machine two words 'out' and 'no' occurring near the right hand margin of the approved answer were not reproduced in the English version of the written answer, which were cyclostyled and forwarded to Lok Sabha. The reply to the question may, therefore, be read as under :—

(a) to (d). "Facilities for entry and exit of vessels from the impounded dock system at all hours and under all conditions of tide, are not available at Haldia. Normally, vessels enter and leave the Haldia dock system on high water so that the River Bars can be negotiated without difficulty. Facilities for exit and entry of vessels into the impounded dock system at Haldia is dependent on tide and not on impounding system.

Haldia Dock Complex was conceived as an impounded dock system. By the impounding system the level of water inside the dock is maintained at the required level and does not fluctuate with the water levels in the river which are dependent on tides. As has been indicated above, impounding facilities are available at Haldia. As such there has been no adverse impact on Shipping and Traffic."
