MATTERS UNDER RULE 377

(i) NEW COACH BUILDING PROJECT IN
KERALA

SHRI B. K. NAIR (Mavelikara): Mr. Speaker, Sir, widespread concern has been aroused amongst the people of Kerala by newspaper reports that the Railway Ministry's move to have a fresh study concerning the new coach building project is really aimed at setting aside the earlier decision of the Government of India to set it up at Kanchikkott near Palaghat, Kerala State.

Sir the proposal to have a new coach building unit had been examined fully by the previous Government and after studying all related factors, the place above-named had been decided upon as the most suitable. Kerala still continues to be one of the most backward states in the Indian Union in the matter of industrialisation. It has hardly any large Industrial unit worth the name. Its share of public undertakings and Central Government projects is meagre, far below its entitlement. This applies also to Railway mileage. On the other hand, the State has all the necessary ingredients, land, abundant water and a surplus of the much-needed electricity and also manpower of any grade of skill facilitating large scale industrialisation.
